

YOUR GUIDE TO THE MODERN DIGITAL WORLD

Digital Literacy

The skills every person needs to navigate, communicate, and stay safe in today's connected world.

WHAT IS IT?

What is Digital Literacy?

Digital literacy is the ability to **find, evaluate, create, and share information** using digital technology. It goes beyond simply knowing how to use a smartphone or computer — it means understanding **how digital systems work**, thinking critically about online content, and using technology responsibly and effectively in everyday life.

CORE DEFINITION

"The ability to use information and communication technologies to find, evaluate, create and communicate information, requiring both cognitive and technical skills."

— ALA Digital Literacy Task Force

02 Safe Internet Tips

 Use Strong Passwords Mix uppercase, numbers & symbols. Use a password manager and never reuse passwords across sites.	 Spot Phishing Scams Hover over links before clicking. Suspicious urgency or unusual senders are red flags.
 Enable Two-Factor Auth Add a second layer of security to all important accounts — email, banking, social media.	 Avoid Public Wi-Fi Never log into sensitive accounts on public networks. Use a VPN to encrypt your connection.
 Keep Software Updated Regular updates patch security flaws. Enable auto-updates on your devices and apps.	 Guard Your Privacy Audit app permissions regularly. Limit what personal data you share on social platforms.

ONLINE PROFESSIONALISM

03 Online Professionalism

Email Etiquette

Use formal salutations, clear subject lines, and proofread before sending. Always include a professional sign-off.

Digital Footprint

Assume everything you post is permanent. Your online presence is your digital reputation — manage it wisely.

Respectful Communication

Treat others online as you would in person. Avoid aggressive language and practice constructive dialogue.

DO'S

- ✓ Use a professional profile photo
- ✓ Cite and credit sources you share
- ✓ Think before posting — pause and reflect
- ✓ Respond to messages promptly
- ✓ Keep work and personal profiles separate

DON'TS

- ✗ Share unverified news or misinformation
- ✗ Use slang or text-speak in formal emails
- ✗ Engage with trolls or online arguments
- ✗ Overshare personal details publicly
- ✗ Ignore or dismiss others' online comments

LOOKING TOWARDS THE FUTURE
Stay curious. Stay safe. Stay professional.
